

Praxis Bridge: Closing the Gap Between Potential and Performance

Praxis Bridge is an innovative solution supporting near-miss candidates through a data-driven approach. By offering a flexible alternative to retaking a full test, candidates can accelerate their path to certification without compromising the content knowledge essential for effective instruction.

HOW PRAXIS BRIDGE CAN HELP YOUR TEACHER CANDIDATES:

This alternative encourages eligible candidates, who have attempted the Praxis test at least once and scored within a certain threshold, to complete a professional-learning module instead of retaking the entire test.

TURNING OPPORTUNITY INTO SUCCESS:

Praxis Bridge is transforming how educators succeed on their licensure tests. Candidates overwhelmingly report reduced stress, improved understanding of content, and a more supportive path to success.

WHAT PARTICIPANTS ARE SAYING:

- Over 90% of survey respondents agree that the structure of the learning activity helped them understand key concepts.
- More than 94% prefer the Praxis Bridge experience over retaking the full Praxis exam.

IN THEIR OWN WORDS:

“This is a great option instead of retaking the entire exam. I would recommend this to anyone that comes close to passing. The course allows you to focus on the content of where your weakness aligns. I feel more confident after taking this course!”

“I definitely prefer taking this Bridge module rather than a full Praxis exam. This helped me truly understand all of the content on the exam, rather than simply testing me on it with no feedback.”

“This course was user-friendly and straightforward. It allowed me to pinpoint the areas I needed to work on and encouraged me to complete the course.”

HOW PRAXIS BRIDGE WORKS:

Depending on the candidate's Praxis test performance, ETS identifies a professional development module that represents the greatest area of growth. The module provides content overviews and practice items with annotations, all of which help test takers define key concepts and affirm their understanding of the material. Candidates will have unlimited opportunities to pass a knowledge check to complete the module.

The ultimate goal: candidates get support on the Praxis-test concepts that challenged them the most. Successful completion results in a certificate of completion and an updated Praxis score report. The licensing agency can view that as equivalent to passing the test.

WHY PRAXIS BRIDGE WORKS:

A dynamic, low-cost opportunity to meet licensing requirements that helps states more quickly move qualified candidates into the classroom.

Easy access and asynchronous remote learning.

Engaging content linked directly to the Praxis blueprint and based on national standards for the academic discipline.

Scaffolded learning with practice items that provide feedback and analysis.

HOW TO GET STARTED:

Contact your Director of Educational Partnerships to discuss which test titles are available for Praxis Bridge and how it can support teacher candidates in your state.
