

Stronger Together: Supporting New York's Educator Pipeline

Preparing tomorrow's teachers requires collaboration, trusted insights, and a shared commitment to excellence. As a new partner to the state, our goal is to provide comprehensive support and resources that align with New York educator preparation programs, and help every current and future teacher thrive.

Why Choose Praxis

-  Over **30+** years assessing content knowledge
-  National benchmarking and comparability with over 125 assessments used in **40+** states and territories
-  **Portability of licenses** between bordering states, alternate pathways and grow your own programs
-  Large-scale data for robust **fairness and validity** reviews
-  **Innovative strategies** that help districts attract, support, and retain high-quality educators

ENSURING EDUCATORS HAVE THE CONTENT KNOWLEDGE FOR CLASSROOM SUCCESS

“I cannot underscore enough how important it is that educators have deep content knowledge...The ETS Praxis series...helps to ensure our educators have a firm understanding of their core content and can meet the learning needs of every single student.”

--Dr. Colleen O'Neil, Former Associate Commissioner, Educator Talent

A Complete Solution for Your Program

When you choose Praxis, you gain more than a licensure assessment provider - you gain a trusted partner invested in your program's success.

Comprehensive Resources

Integrated solutions to support candidate success and program effectiveness from preparation to reporting.

- Free and low-cost **preparation resources** to build candidate confidence and boost performance.
- Special services including accommodations, extended time and **fee waivers**.
- Extensive and easy-to-use **data and reporting tools** to support program improvement and candidate success.
- **Curriculum crosswalks** that can be used to identify course gaps and enhance candidate support.
- **Title II reporting services** to help institutions comply with state and federal requirements.

Test Flexibility

Unmatched flexibility with innovative solutions to strengthen outcomes and support the testing process.

- **At Home Testing** is a safe, secure and convenient option that allows test takers to choose their own space and availability.
- **Praxis Bridge** provides near miss candidates with targeted learning modules instead of full test retakes. This data-driven approach accelerates their journey — without sacrificing educational integrity.
- **Praxis Steps** is a modular approach that allows candidates to take a Praxis test in smaller sections, or “steps,” so that they can test in the way they feel most confident to succeed.

Dedicated Support

We partner closely with New York institutions to deliver hands-on support, strategic insights, and services that make a meaningful difference.

Our team offers a wide range of partnership services, including:

- Onboarding and deep dive webinars
- Data services
- Test content reviews
- On-campus representation
- Praxis 101 virtual events for test takers
- Assistance for provisional teachers to complete their licensure assessment

Let's Connect

Whether you're exploring Praxis as a new partner or expanding your options, we're ready to support your licensure needs.
