

# Praxis Bridge: Closing the Gap Between Potential and Performance

Praxis Bridge has been designed to provide flexibility when placing additional qualified teacher candidates into the classroom. It bolsters the teacher pipeline without compromising the vital content-knowledge skills needed for effective instruction.

## HOW PRAXIS BRIDGE CAN HELP YOUR TEACHER CANDIDATES:

This alternative encourages eligible candidates, who have attempted the Praxis test at least once and scored within a certain threshold, to complete a professional-learning module instead of retaking the entire test.

**Greater flexibility:** a module can be completed at the test taker's convenience within a six-month window. Each module lasts just forty-five minutes.

**Dynamic engagement:** interactive materials target specific content at the subcategory level rather than mandating a one-size-fits-all solution.

**Low cost:** a module is \$50 (less than a full test retake).

Praxis Bridge is available for Elementary Education Multiple Subjects 5001/7001 - English Language Arts, Mathematics, Social Studies and Science. It is not yet available for 7002 Teaching Reading.

ETS is excited to offer this option to state partners, which is fully aligned with the Praxis assessments they've adopted. We look forward to continued engagement as we roll out these modules for numerous test titles over the coming year.

## HOW PRAXIS BRIDGE WORKS:

Depending on the candidate's Praxis test performance, ETS identifies a professional development module that represents the greatest area of growth. The module provides content overviews and practice items with annotations, all of which help test takers define key concepts and affirm their understanding of the material. Candidates will have unlimited opportunities to pass a knowledge check to complete the module.

**The ultimate goal:** candidates get support on the Praxis-test concepts that challenged them the most. Successful completion results in a certificate of completion and an updated Praxis score report. The licensing agency can view that as equivalent to passing the test.

## HOW PRAXIS BRIDGE WORKS:

A dynamic, low-cost opportunity to meet licensing requirements that helps states more quickly move qualified candidates into the classroom.

---

Easy access and asynchronous remote learning.

---

Engaging content linked directly to the Praxis blueprint and based on national standards for the academic discipline.

---

Scaffolded learning with practice items that provide feedback and analysis.

### HOW TO GET STARTED:

Praxis Bridge for Elementary Education launches in February 2025. **Contact your Director of Educational Partnerships** to discuss how the Praxis Bridge can support teacher candidates in your state.
