- monitored online by a human proctor
- available seven days a week.

Note: The registration for the Braille Proficiency (0633) test is different than the process explained below. Learn how to register for the Braille Proficiency (0633) test at <https://praxis.ets.org/test-takers/register-braille.html>.

TEST TAKERS WITH DISABILITIES OR HEALTH-RELATED NEEDS

ETS is committed to serving test takers with disabilities or health-related needs by providing accommodations that are reasonable and appropriate given the purpose of the test. Testing accommodations are available for test takers who meet ETS requirements.

To request a testing accommodation, **you must register through ETS Disability Services and have your accommodations approved before scheduling your test.** See the *Bulletin Supplement for Test Takers with Disabilities or Health-Related Needs* for detailed instructions.

The *Bulletin Supplement for Test Takers with Disabilities or Health-Related Needs* contains contact information, procedures for requesting testing accommodations, and forms. The *Supplement* should be used in conjunction with the information in this *Bulletin* and form(s) on the *Praxis* website. To download the *Supplement*, visit <https://praxis.ets.org/on/demandware.static/-/Library-Sites-ets-praxisLibrary/default/pdfs/bulletin-supplement-test-takers-with-disabilities-health-needs.pdf>. Disability documentation guidelines and forms are available on the ETS website at www.ets.org/disabilities.

IMPORTANT NOTE: You can complete the steps required for requesting accommodations and applying for a *Praxis* test through your ETS account portal. **If you are approved for certain accommodations (extended time; extended breaks; screen magnification; and/or selectable foreground and background colors), you may also self-schedule your test through your ETS account.**

If you are seeking one or more accommodations besides the four listed above, you can also indicate your preferred *Praxis* test date and location online through your ETS account portal. To begin the accommodation process, create or log in to your *Praxis* account, click on “Praxis Accommodation Status/New Request” under the “Test Takers with Disabilities or Health-Related Needs” section on the home page, and follow the instructions.

TEST PREPARATION MATERIAL

ETS is committed to helping you do your best on the *Praxis* tests by offering a variety of test preparation materials. We offer both free and low-cost test preparation materials including **interactive practice tests, study companions, study plans, videos, and webinars** to help you feel ready and confident on test day. To see what test preparation materials are offered for your test, visit the *Praxis* website at <https://praxis.ets.org/storehome.html>.

The *Praxis* program is committed to making preparation materials available in accessible formats. Some materials are downloadable, others can be ordered from ETS Disability Services. To order materials that cannot be downloaded (such as Braille, recorded audio or hard copy large print) or if you require materials in a format not listed here, contact **Disability Services** Monday to Friday 8:30 a.m. to 5 p.m. ET.

ON TEST DAY AT A TEST CENTER

- Report to the test center at least 30 minutes before your appointment. If you arrive after your scheduled testing time, you will not be permitted to test, and will forfeit your test fees. Please view the Study Companion to learn the duration of the test(s) you are taking at <https://praxis.ets.org/storehome.html>.

Praxis® Tests at a Glance *(continued)*

- Review the ID Requirements on *pages 15–19* and take the required documents with you. Make sure your name on the ID documents exactly matches the name you used to register for the test. If the required ID documents do not match the name on your registration, you will not be permitted to test.
- Please note: possession of or use of any phones, tablets, wearable technology, and other electronic, recording, listening, scanning, or photographic devices is strictly prohibited in the test center at all times and will result in your dismissal from the test, forfeiture of your test fees, and cancellation of all scores by ETS even if dismissal is not enforced on the day of the test. This includes, but is not limited to, accessing the device, including checking the time, making calls, checking for messages or any other reason at any time during the test administration, including scheduled, optional, or unscheduled breaks. Scores will be canceled for all tests, including all portions of multi-subject tests that you have taken on the test date in violation no matter when you were identified accessing or using your cell phone/device.
- Watches are not allowed in the test room. If you bring a watch to the test center, you will be asked to remove it and store it during the administration.
- Unless you have separately been granted an accommodation, you should not bring personal items to the test center. If you do, you will be required to store them in a designated area before entering the test room. You will not be able to access any personal items until testing is completed, except for food, beverages and medication, which may be accessed during a break.
- You are required to remain inside the test center building. If you leave the test center without permission during the administration or during breaks, you will be dismissed and your scores will be canceled.

For other important information regarding the test day, see:

- Make sure you are dressed appropriately, with your ears and face visible to the proctor. Avoid wearing any jewelry or other accessories.
- Face masks may **not** be worn during check-in or any part of the at-home testing session.
- **Please note:** possession of or use of any phones, tablets, wearable technology, and other electronic, recording, listening, scanning, or photographic devices is strictly prohibited during the testing session, including breaks, and will result in termination of the test, forfeiture of your test fees, and cancellation of all scores by ETS even if termination is not enforced on the day of the test. This includes, but is not limited to, accessing the device, including checking the time, making calls, checking for messages or any other reason at any time during the test administration, including scheduled, optional, or unscheduled breaks. Scores will be canceled for all tests, including all portions of multi-subject tests that you have taken on the test date in violation no matter when you were identified accessing or using your cell phone/device.

CHECKING IN

Checking in for your Praxis test at home will take about 20 minutes. Follow these steps for your appointment.

- At your appointment time, click the "At Home Check-In" link in your confirmation email or the home page of your account to begin your appointment. We recommend launching your test 15 minutes before your start time to allow time for the check-in process. You'll have up to 12 minutes after your scheduled time to begin your check in. **If you haven't checked in by that time, your test will be cancelled and your fee will not be refunded.**
- To see a detailed description of what you can expect at check-in visit the link in your confirmation email or in your Praxis account.

Your entire test session will be recorded and monitored by a human proctor, and your photo will be taken.

- During the test, the proctor will monitor you (via video camera) and your computer screen to ensure you follow all testing procedures.
- Make sure you can be seen on camera by the proctor. To ensure the security of the test, the proctor must be able to view your face from forehead to chin at all times. Suspicious movements could invalidate your test.
- If you need to contact the proctor during your test, speak to get their attention. It may take 30–60 seconds for the proctor to reply.

Types of Assessments

The *Praxis*® assessments correspond to two key milestones in your development as a teacher:

- entering a teacher training program
- obtaining a license to teach

Praxis Core Academic Skills for Educators Tests measure academic skills in Reading, Mathematics, and Writing. These tests were designed to provide comprehensive assessments that measure the skills and content knowledge of candidates entering teacher preparation programs.

- The Core Reading test includes sets of questions that require the integration and analysis of multiple documents, as well as some alternate response types (e.g., select-in-passage questions).
- The Core Mathematics test includes numeric-entry and selected-response questions, and offers an on-screen calculator to help ensure that questions are testing mathematical reasoning by reducing the chance that a test taker’s wrong response comes from a simple arithmetic error.
- The Core Writing test assesses both argumentative writing and informative/explanatory writing, and will contain two writing tasks for each writing type. In addition, selected-response questions will be added to address the importance of research strategies and assess strategies for revising and improving text.

Praxis Subject Assessments measure your content knowledge of the subjects you will teach. The *Praxis* Subject Assessments include:

- Subject Assessments.** These assessments measure your general and subject-specific teaching skills and knowledge. These tests feature selected-response and constructed-response items.

- Principles of Learning and Teaching (PLT) tests.** These assessments measure your general pedagogical knowledge at four grade levels: Early Childhood, K–6, 5–9, and 7–12. These tests feature selected-response and constructed-response items.
- Elementary Education: Content Knowledge for Teaching (CKT) Assessment.** These tests measure subject-specific content knowledge, with a focus on specialized content knowledge used in elementary school teaching.

Note: Some states require a Social Security number (SSN) to process teacher certification paperwork. ETS does not require your SSN for its own purposes, but will submit it to your state agency with your test results. Fee: \$35 (in addition to applicable surcharge and test fees) To register by telephone, you must have already created a *Praxis* account online, at <https://praxis.ets.org>. Now includes selected overseas centers as well. Test takers calling to register for a test must call at least 4 days before their intended test date—test appointments are scheduled based on availability. Please see <https://praxis.ets.org/test-taker/register-process.html> for testing schedules.

File Corrections

You may not change your name on the file. If your name has changed for any reason, including marriage or divorce, you must create a new online *Praxis* account providing your name **exactly** as it appears on the primary identification you will present on test day.

If your file contains an error, make corrections to your date of birth, Social Security number, the spelling of your name, or other information at least one day before the test administration to ensure that your scores are reported with the correct personal information. To make corrections to your date of birth, Social Security number, or other information, sign into your *Praxis* account and select “Update Personal or Contact Information” in the “Manage Profile” section and make the appropriate change.

To correct the spelling of your name, contact ETS at praxis@ets.org or 1-800-772-9476, and provide the information as it now exists in the file, along with the change(s) requested.

If you made corrections after the test administration and need your scores resent to a score recipient, you may order an Additional Score Report (ASR) online or by phone. ASRs cost \$50 per score recipient (see page 26).

Change or Cancel Your Test Registration Make Changes to Your Testing Appointment

There are two ways you can change your test center, test date or test time for a current test registration:

- log in to your *Praxis* account and process the change online
- contact ETS at 1-800-772-9476 (U.S., U.S. Virgin Islands, Puerto Rico and Canada) or 1-609-771-7395 (all other locations).

Note: You must make changes at least **3 days before your appointment** (not including the day of your test) or your fees will be forfeited. For example, the deadline to make changes to a Friday appointment is Tuesday at 11:59 p.m. ET. ETS cannot guarantee that the testing time or test center you are now requesting will be available. There is a \$40 fee for this service.

Registration Information *(continued)*

Cancel a Test

There are two ways you can cancel a test for which you are currently registered:

- log in to your *Praxis* account and process the change online
- contact ETS at 1-800-772-9476 (U.S., U.S. Virgin Islands, Puerto Rico, and Canada) or 1-609-771-7395 (all other locations)

Note: You must cancel your test at least **3 days before the test date** or your fees will be forfeited. If you cancel your original test by the appropriate deadline, you may be eligible for a refund of 50 percent of your test fees.

To cancel your registration online, log into your *Praxis* account at least 3 days before your original appointment (not including the day of your test). Your refund will be processed automatically. To cancel a test registration by mail, send a written request via email to praxis@ets.org or use the Refund Request Form, which is downloadable from the *Praxis* website at <https://praxis.ets.org>. Please be sure to:

- Provide the name of the test(s) canceled, your name, address, phone number, date of birth, your Candidate ID, and the canceled test date.
- Mail the form to *Praxis*, Registration Refund, P.O. Box 6051, Princeton, NJ 08541-6051, USA.

The request **must** be received at least **3 days before** your test date (not including the day of your test).

Surcharges, if applicable, will be refunded.

Test Retake Policy

Tests must be retaken on a date that is at least 28 days after the previous test date. For example: If you take a test on the first of the month, you cannot retake it until the 29th day of the month. (**Note:** If you take a test that is comprised of subtests, such as Elementary Education: Multiple Subjects (5001), Elementary Education: Three Subject Bundle (5901), Pennsylvania Grades 4–8 Core Assessment (5152), or Elementary Education: Content Knowledge for Teaching (7801), you cannot retake a subtest until after the 28-day period.) This applies even if you canceled your scores on a test taken previously. If you violate this restriction, the scores from your retest will be canceled by ETS and your test fees will not be refunded.

Note: The test retake policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation.

ETS Use of Personal Information

By providing personal information to us and registering for a *Praxis* test, you expressly consent (or confirm your consent) to allow ETS to use such personal information in accordance with ETS's Privacy and Security Policy located at [www.ets.org/legal/privacy](https://praxis.ets.org/legal/privacy).

Identification (ID) Requirements

All test takers are responsible for bringing valid and acceptable identification each time they report to a test center. It is your responsibility to ensure that your ID documents are up to date and available on the day of the test.

Your ID requirements depend on your country of citizenship and where you plan to test. Please read the specific section for acceptable primary and supplemental ID documents and allowed exceptions.

- You are responsible for ensuring that the first and last names you used to register **exactly** match the first and last names on the ID document(s) you will present at the test center.
- If your name has changed since you registered for a test, you must ensure that you have appropriate ID matching the name on your registration to show at the test center. It is recommended that you have ID in the correct name **BEFORE** you complete the registration process. Additionally, you must create a new online *Praxis* account providing your name exactly as it appears on the primary identification you will present on test day. During the creation of your new account, we advise that you leave the Social Security number (SSN) field blank to avoid technical issues. After the new account is created, you will have the opportunity to enter your SSN by clicking the "Update Personal or Contact Information" link.
- ID verification at check-in at the test center may include:
 - o Biometric voice and photo identification
 - o Fingerprinting/thumbprinting
 - o Video surveillance
 - o Signature comparison

If you refuse to participate, you may not be permitted to test and you will forfeit your test fees. This is in addition to the requirement that you must present acceptable and valid identification.

- If the test administrator questions the ID you present, you may be required to provide supplemental ID. If positive confirmation cannot be made, you may not be permitted to test or your test score may be withheld.
- All test takers are encouraged to bring at least two forms of acceptable ID each time they report to a test center. Prior admission to a test center based on a given ID document does not assure that that document will be considered acceptable. Test centers are not required to hold your seat if you leave the center to obtain acceptable identification.
- Admission to the test center does not assure that the ID you provided is valid or that your scores will be reported. All reported cases of questionable ID are subject to review and approval by the ETS Office of Testing Integrity either during or after the test administration. ETS reserves the right to withhold and/or cancel scores in the event that the ID requirements set forth herein are not met.
- You may be required to show your ID and/or to sign a test center log at various points throughout the test administration.
- Your test fees will not be refunded if you are not permitted to test or if your scores are withheld or canceled because of invalid or unacceptable ID.

ID Document Requirements

With few exceptions, ID documents must meet all of the following requirements. Each ID document must:

- be an **original** document; photocopied documents are not acceptable and documents cannot be presented on a cell phone or any other electronic device
- be a government-issued national/state/province identity card that is recognized by the country in which you are a citizen or permanent resident
- be **valid** and **cannot be expired**. As of January 1, 2023, ETS no longer accepts expired drivers' licenses.

- See "Unacceptable Documents" on the next page.

See Exceptions and Requirements on page 17 if:

If the alternative document is missing your photo or signature, it must be presented along with a secondary ID, such as a driver's license, student ID card, letter of identity from a school or sponsoring agency, or Canadian Health Card.

- Record of Landing/Permanent Resident Card (IMM1000)
- Notice of Decision (for a Convention Refugee) or Refugee Protection Claimant Document (IMM1442)

- Residents of Mainland China must present a valid Second Generation National Resident ID Card.
- Residents of Taiwan must present their Travel Permit to Mainland China.
- Citizens from all other countries and locations must present a valid passport.

Testing in Taiwan

Residents of China must present their travel permit to Taiwan.

Testing in Bangladesh, India, Pakistan and Nigeria

You **MUST** present a valid passport with your name, photograph and signature as your primary ID document. There are no exceptions to this policy.

Testing in Saudi Arabia

If you are working in Saudi Arabia and are not a citizen, you may use your employer-sponsored Iqama Residence Identification along with a supplemental ID that includes your name, photograph and signature. You must present two forms of identification.

Testing in the Philippines

In the Philippines you may present a Social Security System ID Card, issued by the Republic of the Philippines, that includes your name, photograph and signature along with a supplemental ID from the list of acceptable supplemental ID documents.

Driver's license renewal certificate—Temporary Policy for the Philippines

If your driver's license is expired and you have been issued a renewal certificate receipt, **providing both documents together is acceptable** as long as the name on the expired driver's license and the name on the renewal certificate are the same.

Testing in United Arab Emirates

- Government-issued national/state/province identity card including the Emirates Identity Card

Testing Outside Your Country of Citizenship

- You must present a valid **passport** with your name, photograph and signature as your primary ID document. See “Supplemental ID Documents” on *page 16*.
- Non-U.S. citizens testing within the U.S. must present a passport that meets all of the ID document requirements listed earlier in this section.
- Diplomatic and embassy ID cards cannot be used as primary identification in place of a passport.
- If your passport is not written in English-language letters, you must also present a supplemental ID that contains your name; a recent, recognizable photo; signature; and is in English. If you do not have a supplemental ID and the test center staff cannot read the language in which it is written, you may not be permitted to take the test.
- **U.S. Test Centers only:** The following documents may be acceptable in lieu of a valid passport for admission **if presented with an acceptable supplemental ID**. If you are in the process of renewing the document and have the expired document in your possession, you may present it together with the government-issued renewal extension letter.
- Permanent Resident Card/Resident Alien Card or government-issued renewal authorization form.
- Temporary Resident Card or government-issued renewal authorization form.
- Employment Authorization Card or government-issued renewal form.

Testing in European Union/Schengen Zone/Gulf Cooperation Council (GCC) Arab Countries/Mercosur Countries

- If you are testing in a European Union, Schengen Zone, Arab States of the Gulf (GCC) countries or Mercosur countries other than the one where you reside, you can use your valid national or European identity card, if you have one. The card must contain your name; a recent, recognizable photo; your date of birth; and your signature. If this identification does not contain all of these elements, you will be required to present a second ID from the list of acceptable secondary identifications.

Multiple-Part Last Name

If the ID document you will present on the day of the test contains a multiple-part last name, your registration must exactly match your ID. You cannot use a supplemental ID to resolve last name discrepancies.

Driver’s License Renewals

- If you are in the U.S. military and your driver’s license has an official extension sticker validating that your driver’s license has been extended, this can be used as supplemental ID along with your U.S. Military ID.
- If your driver’s license has expired but you present it along with your original Department of Public Safety renewal certificate, these two documents together are acceptable if the names on both documents match exactly. If a provisional driver’s license is issued in lieu of a renewal certificate, it will be accepted as a primary ID document if it contains your photo, signature, and an expiration date.

Military ID Without Signature

If your Military ID does not contain your signature, you must present a supplemental ID.

On Test Day *(continued)*

Test Center Procedures and Regulations

General Guidelines on Test Day at Home

Be sure to follow all testing rules. Otherwise, your test can be canceled and your fee won't be refunded.

- Don't use any unauthorized materials, including mobile devices, prewritten notes or textbooks.
- Personal recording devices of any kind are strictly prohibited.
- You must disable any screen-sharing or remote-access software (such as Zoom, Skype™, TeamViewer™, Microsoft Teams™ and Apple Remote Desktop™) prior to the test. It must remain disabled throughout the test. Make sure that the software will not open automatically during the test.

- Don't communicate with anyone else except the proctor during the test administration, including scheduled, optional, or unscheduled breaks.
- There may be references to using a headset during your test. Ignore these; headsets are NOT allowed in the tests at home.
- Some, but not all, tests offer you an opportunity to view unofficial scores at the end of your testing session. At the end of the test session, but before reviewing the unofficial score information, the computer gives you the option to report or cancel your score. Once you have chosen to report the score, it cannot be canceled. If you cancel your score, it will not be reported and it cannot be reinstated on your record. You also will not receive a refund if you choose to cancel your score.
- Most tests don't offer a scheduled break. However, you have the option to take a short, unscheduled break. **(Policy Update Notice (Posted March 2025):** Starting June 1, 2025, for any test taker attempting Speech-Language Pathology (5331) or Audiology (5343) via live remote proctoring (LRP) (i.e., At-Home Testing), no breaks, whether scheduled or unscheduled are permitted. Any test taker taking an unscheduled break during an LRP session will immediately invalidate their test, not be eligible for a refund and must wait twenty-eight (28) days before their next attempt. Breaks that abide by the exam and test center policies (including those pursuant to a test taker's approved accommodation) will continue to be permitted at in-person test centers.) If you choose to take an unscheduled break, your test clock will NOT stop. Because timing will not stop for this break, it is recommended that you return from the break as quickly as possible. If you are taking any of the following tests, you can take a short, unscheduled restroom break after the conclusion of one test, but before completing review of the General Directions for the next test. Your test clock won't start until

you return and complete the General Directions. For more information, please review *Praxis* Test Center Procedure or SLS Test Center Procedures.

General Guidelines on Test Day at a Test Center

- Be sure to bring your ID documents with you to the test center.
- The test administrator will assign you a seat.
- Test-related information written on clothing and footwear, ID documents, or on any part of the body is prohibited.
- Test centers do not have large waiting areas. Friends or relatives who accompany you to the test center will not be permitted to wait in the test center or be in contact with you while you are taking the test (or during a break). Except for ETS-authorized observers, visitors are not permitted in the testing room while testing is in progress or during a break.
- ETS respects individuals' privacy and has implemented procedures to ensure that the check-in process is completed in a respectful manner. ETS reserves the right to ensure the security of test content by using electronic detection scanning devices (e.g., hand-held metal detectors/wands) and may also employ additional security measures such as visual inspections for unauthorized testing aids or other wearable technology. Test takers should be prepared to undergo these security measures to ensure a fair testing environment. Failure to comply may result in dismissal from the test and forfeiture of your test fees.
- To ensure unauthorized aids are not brought into the testing room, additional visual inspections of clothing, footwear, and ID documents may also be conducted. You may also be required to remove your eyeglasses for close visual inspection. These inspections will be done at check-in and upon return from a break. Unless an inspection is required for use or possession of an unauthorized aid during the test session, removal of footwear is prohibited in the testing room.
- Personal items other than ID documents are not allowed in the testing room and are not permitted during a break. This includes any phones, tablets, all watches, wearable technology, and any other electronic, recording, listening, scanning or photographic devices. If you are seen using or accessing any of these electronic devices and/or transmitting data, including but not limited to text messaging, email and photographs, your device may be inspected and/or confiscated. You may not access your phone during the test or during breaks to check messages, make a call, check the time, or for any other reason.
- Jewelry is prohibited, except for wedding and engagement rings. Do not wear other jewelry to the test center.
- You are required to remain in the test center building. It is your responsibility to ask the test administrator for permission to leave the test center vicinity—for example, to go to the nearest restroom. If you leave the test center without permission, you may be dismissed or your scores canceled.
- Clothing and other personal items that include, but are not limited to, hair accessories, neckties, bowties, hats, scarves, jackets and outerwear are subject to inspection by the test center administrator. Refrain from wearing such items as tie clips, cuff links, ornate clips, combs, barrettes, headbands and other hair accessories

On Test Day *(continued)*

on test day, as you may be prohibited from wearing them in the testing room.

- Before the test, you will receive instructions from test center staff regarding where to store personal items. You cannot access your personal items during the test administration except for food, beverages and medication, which may be accessed during a break.
- If you fail to follow the instructions of the test center staff, you will not be permitted to test and your test fee will not be refunded. Any violation of these procedures during the test or during breaks may result in dismissal from the test center and/or cancellation of your test scores.
- Test centers assume no responsibility for personal items including watches, jewelry or devices that you choose to bring to the test center. **You may be asked to empty your pockets, raise your pant legs above your ankles, pull up your sleeves above your wrists for visual inspection, and you may be scanned with a hand-held metal detector wand. Such inspections are routine prior to each entry into the testing room. You may request that the inspections be performed by a staff member of the same gender and/or in an area sheltered from the view of other people. Test center staff will make every effort to accommodate such requests, but ETS cannot guarantee that all test centers will have the necessary staff and space available.**
- On occasion, weather conditions or other circumstances beyond the test administrator's or ETS's control may require a delayed start or the rescheduling of your test.

Calculators

- Graphing, scientific, and four-function calculators are allowed or required for some *Praxis* tests; for detailed information, see "Calculator Use" at <https://praxis.ets.org>. For *Praxis* assessments that provide an on-screen

calculator, test takers are NOT permitted to bring and use their own calculators. They must use the on-screen calculator provided in the test. Unless it is specifically stated that a calculator is permitted or required for a particular test, calculators may not be used.

ETS reserves the right to take appropriate action and/or notify appropriate authorities including, but not limited to, law enforcement authorities, if a test taker responds in a threatening or disturbing way to essay or speaking questions or communicates with ETS either verbally or in writing in a threatening or disturbing manner.

Procedures and Regulations

The following procedures and regulations apply to tests taken at test centers, during the entire test session, which begins at sign-in, ends at sign-out, and includes breaks.

- Arrive at the testing center at least 30 minutes before your scheduled appointment time.
- You may be required to read and sign a Confidentiality and Regulations Agreement at the test center. If you do not complete and sign the agreement, you may not be allowed to test and your fees will NOT be refunded.
- You may be required to sign the test center log before and after the test session and any time you leave or enter the testing room. Other than ID, personal items (such as handbags and study materials) are not allowed in the testing room and may not be accessed during a break, except for food, beverages, and medication. Before the test, you will be assigned a locker or receive instructions from test center personnel regarding where you must store personal items. Storage space is limited, so plan accordingly.
- The test administrator will provide you with scratch paper for use during the test to assist you in working out problems and for appropriate note-taking during timed sections of the test. You may not take your own scratch paper to the test. Scratch paper is not to be used before the test or during breaks. During

On Test Day *(continued)*

the test, if you have used all of your scratch paper, you must return it to the test center staff in order to receive more. You cannot remove a page or portion of the scratch paper at any time. All paper, in its entirety, must be returned to the test center administrator at the end of the testing session. You may not write on anything other than the scratch paper provided (e.g., computer or workstation or ID document). Scratch paper should NOT be used during the untimed sections or during breaks. If you are observed using any documents or unauthorized papers other than the designated scratch paper distributed by the test site, they will be confiscated by the test center staff.

- For paper-delivered tests administered as an accommodation for a disability, test takers may use the test book for scratch work. Scratch paper is not provided except as an approved accommodation.
- Dress comfortably and come prepared for varying room temperatures. If you need to remove an item of clothing during the test (e.g., sweater), you will be instructed to place it in the storage area provided by the test center at check-in. If no storage area is available, the item of clothing may be hung on the back of your chair. If you leave the testing room to go to the storage area, this will be treated as an unscheduled break; i.e., you will be asked to sign out/in of the testing room, show ID, etc.
Note: The exam clock will **not** stop during this time.
- Most *Praxis* tests do not offer a scheduled break; however, you may take one short, unscheduled break. If you choose to take an unscheduled break, your test clock will NOT stop. Because timing will not stop for this break, it is recommended that you return from the break as quickly as possible.
- If you are taking a combined test, such as the Core Academic Skills for Educators or Elementary Education: Multiple Subjects test,

and you take a short, unscheduled break after the conclusion of one test, but before completing review of the General Directions for the next test, your test clock will not start until you return and complete the General Directions. Although you will not lose test time by taking an unscheduled break between tests, it is recommended that you return from the break as quickly as possible to avoid running over the scheduled appointment time. Test administrators are required to report test takers who take excessive or extended breaks.

- If you need to leave your seat at any time other than a scheduled break, raise your hand; timing of the section will not stop.
- If at any time during the test you have a problem with your computer, or for any reason need the administrator, raise your hand.
- Testing premises are subject to videotaping.
- The maximum time allotted for the General Directions and other untimed sections is 30 minutes. The purpose of the General Directions is to become familiar with the computer functions and other important information that will make your test experience as convenient as possible. The time you spend on the General Directions and other untimed sections should not be for any other purpose. You may not use scratch paper during this time. Infractions will be reported to ETS, and the test administrator is authorized to dismiss you from the test administration if you fail to follow the test administrator's directions.
- The testing session is actively monitored by test center staff. This includes staff walking around, and entering and leaving the testing room.

Art: Content and Analysis Test (5135)

- **IMPORTANT:** This Art test requires you to upload 4 digital images of your artwork in at least two different media to your *My Praxis* account at www.ets.org/mypraxis. **Print a copy of each image from your My Praxis account. It is extremely important for test**

takers to bring the printout of all four digital reproductions of their work to the testing site. Test takers will be asked to enter the image ID as the first line of their responses when taking the test. These printouts will not be returned to you, but will be collected at the test center. You must upload these images no later than 3 days before your test date. **If you do not bring printouts of these images with you to the test center, you may not be permitted to test.** For more information about the requirements for these images, please see the Study Companion for Art: Content and Analysis (5135).

Dismissal from a Test Center

A test administrator is authorized to dismiss you from a test session and/or your scores may be canceled by ETS for actions such as, but not limited to, the following:

- attempting to take the test for someone else or having someone else take the test for you
- failing to provide acceptable identification
- obtaining improper access to the test, a part of the test, or information about the test. This includes having preknowledge of test questions or answers in advance of the test administration, in any form, and/or bringing such information to the test center in any form, including on identification documents, stored in cell phones, or any other method.
- possessing or using any phones, watches, wearable technology, or other electronic, recording, listening, scanning, or photographic device. Such devices are prohibited at the test center. If you bring these devices to the test center, you will be dismissed from the test, forfeit your test fees, and will have your scores canceled by ETS even if dismissal is not enforced on the day of the test.
- using any aids in connection with the test, including, without limitation, calculators (except when approved as a testing accommodation), all watches, books,

pamphlets, notes, unauthorized scratch paper, rulers, pens, mechanical pencils, highlighter pens, scan pens or devices, stereos or radios with headphones, dictionaries, translators, compasses, protractors, artificial intelligence tools/software

- creating a disturbance (Disruptive behavior in any form will not be tolerated. The test administrator and ETS have sole discretion in determining what constitutes disruptive behavior.)
- attempting to give or receive assistance. Discussion or sharing of test content or answers during the test administration, during a break, or after the test is prohibited. Communication in any form is not permitted during the test administration.
- removing or attempting to remove test content from the test center. Under no circumstances may test content or any part of the test content be removed, reproduced, and/or disclosed by any means (e.g., hard copy, verbally, electronically) to any person or entity.
- tampering with a computer
- attempting to remove any portion of the scratch paper from the testing room or using scratch paper during untimed sections or during a break. If you are observed using any document other than the designated scratch paper, the document will be confiscated by the test center staff. All paper, in its entirety, must be returned to the test center administrator at the end of the testing session.

ETS takes test security very seriously. Although tests are administered under strict supervision and security measures, testing irregularities may sometimes occur. Please contact ETS as soon as possible to report any observed irregular behavior that is either observed or reported to you—for example, someone copying from another test taker, taking a test for someone else, having access to test questions before the exam, or using notes or unauthorized aids. All

- failing to follow any of the test administration regulations contained in this *Bulletin*, given by the test administrator, or specified in any test materials

ETS reserves the right to take all action—including, but not limited to, barring you from any future ETS test and/or canceling your scores—for failure to comply with test administration regulations or the test administrator's directions. If your scores are canceled, they will not be reported, and your test fees will not be refunded.

Registering a Complaint

If you think conditions at the test center were such that you were unable to perform satisfactorily, you may cancel your score(s) and request a retest. If you wish to cancel your score(s), you must select the "Cancel Scores" option at the end of the test. Retests cannot be offered if the "Report Scores" option has been selected and the unofficial scores have been viewed. Complaints must be received in writing no later than 7 business days after the administration. Complaints received after this period will not be accepted. ETS will investigate before responding to your request. Please see page 9 for additional information.

Reporting Your Test Scores

If you test in one of the following states, a copy of your score will automatically be sent to the state's education department. However, if you are not testing in your resident state but want your state education department to receive your score report, you must add the state as a score recipient. This applies to the following states: Alabama, Alaska, Arkansas, California, Colorado, Connecticut, Delaware, District of Columbia, Georgia, Hawaii, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maryland, Mississippi, Missouri, Montana, Nebraska, Nevada, New Hampshire, New Jersey, New Mexico, North Carolina, North Dakota, Ohio, Oklahoma, Oregon, Pennsylvania, Rhode Island, South Carolina, South Dakota, Tennessee, Utah, Vermont, Virginia, Washington, West Virginia and Wyoming.

If you completed or are planning to complete an approved teacher education program in Guam, Maine, Texas, U.S. Virgin Islands, or Wisconsin, **you must designate your educational institution as a score recipient.** If you are applying for licensure in one of these states, but completed your teacher preparation in another state, you must submit an ETS score report to the Guam Commission for Education Certification, Maine Department of Education, State Board for Education Certification, Virgin Islands Department of Education, or the Wisconsin Department of Public Instruction along with your licensure application.

Note to Speech-Language Pathology and Audiology test takers: Please refer to the Speech-Language Pathology and Audiology Attending Institution/Recipient Code List to designate an attending institution and a score recipient (see *Praxis* website).

Your Official Score Report

Your official scores are available to you via your online account. Official score reporting dates vary, depending on which test you took. Please see the **Getting Your Praxis Scores** (<https://praxis.ets.org/test-taker/getting-scores.html>) for additional

information on the score reporting dates. When your scores are available, you will receive an email notifying you that your score report is ready to view online. Score reports are available in your online account for ten years from the score reporting date. We encourage you to save a copy of the score report for your own files.

Scores for the *Praxis* Core Academic Skills for Educators (Core): Reading (5713) and Mathematics (5733) tests are available within 7 **calendar** days after the day of the test. Scores for the 5723 Core: Writing test are available 20 **business** days after the day of the test.

Up to four free score recipients may be selected at the time of registration. If you did not select the score recipients at the time of registration, you may add or change these score recipients up to 3 days before your test date. In order for your attending institution (college or university where you received training that most closely relates to the test(s) you are taking) to receive a copy of your score report, you **MUST** list the institution as a score recipient. If you wish to send your scores to more than four institutions or agencies, you may purchase additional score reports via your online account. See the "Additional Score Reports (ASRs)" section that follows. Your scores for a specific test will be sent to a designated recipient only if that institution or agency is eligible to receive those test scores. For exceptions, please see "Confidentiality of Information" on page 29. Score reports will list your current score and highest score earned on each test taken over the last 10 years.

To obtain an official score report for scores reported within the last 10 years, but before July 21, 2017, you will need to order an additional score report. Please see <https://praxis.ets.org/test-takers/sending-your-scores.html> for ordering information.

Your Unofficial Score Report

Praxis tests that include only selected-response questions will offer you an opportunity to view unofficial scores at the end of your testing session. If an unofficial score is not provided for your selected-

Scores & Score Reports *(continued)*

response test, it means that further analysis must be conducted before scoring can be completed. This does NOT indicate any problem with the administration of your test and will NOT result in any delay of the reporting of your official score. Tests that include constructed-response questions will not provide an unofficial score because of the time needed for your responses to be rated. Test centers cannot provide printed copies of score reports.

Once you have viewed your scores—whether you view the unofficial scores at the testing center, or you view your official score report—you will not have the option to cancel them. Once your scores have been canceled, they will not be reported, and they cannot be reinstated on your record. You will not receive a refund if you choose to cancel your scores.

Questions That Do Not Count Toward Your Score

The test(s) you take may include one or more questions that do not count toward your score. These “pretest questions” are new questions that are being tried out in actual test administrations.

Test takers are not told which questions are in this category because ETS needs to determine how such questions function under actual testing conditions.

Scoring Services

Additional Score Reports (ASRs)

Fee: \$50 each

At your request, ETS will send your scores and reportable back-ground information to additional institutions or agencies. When you register to test, you may select up to four score recipients for no charge. You may add or change these score recipients up to three days after your test by calling Praxis Customer Service 1-800-772-9476. To make changes more than three days after the test, you may request additional score reports for a fee. If you wish to send your scores to additional recipients, you may order an additional score report (ASR). You may complete your request online or by phone. To make an ASR request online, log in to your online account on the *Praxis* test online registration site. On the “*MyPraxis* Home” page, click

on “Order Additional Score Reports” under the “My Test Registrations and Orders” section. Follow the online instructions to complete your order. Telegram requests will not be processed. ETS will process your score report (indicating only the highest score earned on each test) within 5 calendar days for online and phone requests.

When you ask ETS to send additional score reports to institutions or agencies, you automatically authorize ETS to report your highest scores for all tests taken over the past 10 years. These could include test results from *Praxis* Core Academic Skills for Educators tests and *Praxis* Subject Assessments. (Scores for a specific test will be sent to a recipient only if that recipient is eligible to receive those scores.)

If scores have not been reported from a current administration and you want the institutions or agencies listed on your Additional Score Report Request form combined with those listed on your registration form, check the appropriate box on the form. Current and highest scores will then be reported to all recipients requested. The ASR will include your highest score for each test taken, but will not include the raw score information that is available on the original score report. You will automatically receive a copy of your score report posted to your online *MyPraxis* account confirming that your score report was sent.

Additional Score Report requests are no longer mailed to test takers. Instead, you have access to an online score report in your *MyPraxis* account for 10 years after the score reporting date.

Score Review Service

Fee: \$65

All constructed-response and essay scorers have been carefully trained and follow strict scoring procedures. Each test that contains one or more constructed-responses or essays is scored by more than one scorer. However, if you feel that your score for a constructed-response or essay test does not accurately reflect your performance, you may request a score review of your test.

Scores & Score Reports *(continued)*

To request a score review of a test containing a constructed-response or essay, please contact customer service at 1-800-772-9476. **Your request must be received within 3 months of the test date.** If there is a change in your reported score, the revised score (which may be higher or lower than your originally reported score) will be reported to you and to the recipients of the original score, and your review fee will be refunded. The test material and your answers to test questions are not available for disclosure. Your score for a specific test will be reviewed only once. (**Note:** The Score Review service is not available for selected-response tests because they are scored electronically.) The Score Review service is also unavailable for the American Sign Language test because the original scoring process is exceptionally rigorous with 3–6 scorers reviewing and contributing to the scoring of each interview.

Cancellation of Scores by You

Some, but not all, Praxis® tests offer you an opportunity to view unofficial scores at the end of your testing session. Before viewing your unofficial scores, the computer gives you the option of canceling your scores when you finish each test.

NOTE: If you are taking the Core Combined test (5752), the Elementary Education: Multiple Subjects (5001), Elementary Education: Content Knowledge for Teaching (7811), or the PA Grades 4–8 Core Assessment (5152), and choose to cancel your scores, scores from ALL sections of that test will be canceled. Once you have viewed your scores, they cannot be canceled. If you choose to cancel your unofficial scores, you cannot view them on the computer screen and they cannot be reinstated. You will not receive a refund if you cancel your scores.

Cancellation of Scores by ETS

ETS strives to report scores that accurately reflect the performance of every test taker. Accordingly, ETS's standards and procedures for administering tests have two primary goals: giving test takers equivalent opportunities to demonstrate their abilities, and

preventing any test takers from gaining an unfair advantage over others. To promote these objectives, ETS reserves the right to cancel any test score whether or not it has already been reported, and to take such other actions as ETS deems appropriate, including banning the test taker from taking any future ETS test and referring the matter to law enforcement authorities, when, in ETS's judgment: **a testing irregularity occurs**; there is an apparent **discrepancy in a test taker's identification**; the test taker engages in **misconduct**, including without limitation having someone else take the test for him/her, obtaining improper access to test questions or answers, disclosing test questions or answers to third parties, plagiarism, or copying or communication; or the score is **invalid** for another reason. When ETS cancels a test score that has already been reported, it notifies score recipients that the score has been canceled.

We will provide a copy of the cancellation letter you receive to recipients of your scores.

Testing Irregularities

"Testing Irregularities" refers to problems with the administration of a test. Testing irregularities may result from actions of test takers, test center personnel, ETS, or from man-made causes. When testing irregularities occur, they may affect an individual or groups of test takers. Such problems include, without limitation, administrative errors (such as improper timing, improper seating, defective materials (e.g., improper or damaged test forms), and defective equipment); improper access to test content; and other disruptions of test administrations (such as natural disasters or other emergencies). When testing irregularities occur, ETS may decline to score the test, or cancel the test score. When in ETS's judgment it is appropriate to do so, ETS gives affected test takers the opportunity to take the test again as soon as possible without charge.

Identification Discrepancies

When, in ETS's judgment or the judgment of test center administrators or at-home proctors, there is a discrepancy in a test taker's identification, the test

Scores & Score Reports *(continued)*

taker may be dismissed from testing. In addition, ETS may decline to score the test or may hold or cancel the test score if the documents or photos or other biometric samples from the test day cannot be validated or if ETS has evidence that the test taker did not appear for the test. If test scores are canceled by ETS, the test fees will NOT be refunded. ETS may also ban the test taker from taking any future ETS test.

Misconduct

When ETS or test center personnel find that there is misconduct in connection with a test, the test taker may be dismissed from the test center, and ETS may decline to score the test, cancel the test and/or may ban the test taker from taking any future ETS tests. Test takers whose scores are canceled will forfeit their test fees. If fraudulent activity is detected after scores have been reported, ETS will cancel scores and notify score recipients of the cancellation. Misconduct includes, but is not limited to, noncompliance with the **Test Center Procedures and Regulations**, on pages 19–24 of this Bulletin.

Invalid Scores

ETS may also cancel scores if, in its judgment, there is substantial evidence that they are invalid for any other reason. Substantial evidence means evidence that is sufficient to persuade a reasonable person, the substantial evidence is lower (i.e., requires less proof) than reasonable doubt, clear and convincing, and preponderance of the evidence standards. Evidence of invalid scores may include, without limitation, discrepant handwriting, unusual answer patterns, and inconsistent performance on different parts of the test. Score cancellation decisions are not subject to appeal to ETS. For test takers within the United States, before canceling scores based on substantial evidence of invalidity, ETS notifies the test taker in writing about its concerns, gives the test taker an opportunity to submit information that addresses ETS's concerns, considers any such information submitted, and offers the test taker a choice of options. The options may include voluntary score cancellation, a voucher for future test, or arbitration

in accordance with ETS's standard Arbitration Agreement. The arbitration option is available only to test takers who test in the United States at the time of testing.

If at any time before, during, or after a review of questionable scores, ETS finds that misconduct has occurred in connection with a test, ETS may treat the matter under its misconduct procedures; in that event, the options available under this "Cancellation of Scores by ETS" section or the "Testing Irregularities" section, as applicable, will not be available, even if those options were previously offered.

Plagiarism

Your essay responses on the writing or constructed-response items will be reviewed by experienced ETS essay readers during the scoring process. ETS reserves the right to cancel test scores of any test taker when an essay response includes, any of the following:

- text that is unusually similar to that found in one or more other *Praxis* essay responses;
- quoting or paraphrasing, without attribution, language or ideas that appear in published or unpublished sources;
- unacknowledged use of work that has been produced through collaboration with others without citation of the contribution of others;
- essays submitted as work of the test taker that appear to have been borrowed in whole or in part from elsewhere or prepared by another person or generated by artificial intelligence tools/software.

When one or more of the above circumstances occur, ETS may conclude that the essay response, in ETS's professional judgment, does not reflect the independent writing skills that this test seeks to measure. When ETS reaches that conclusion, it cancels the essay score and cannot report scores for this test, of which the essay score is an indispensable part.

Scores & Score Reports *(continued)*

Confidentiality of Information

ETS recognizes your right to control the information about you that is stored by ETS. Its policies are designed to safeguard your information from unauthorized disclosure.

Your score report is intended only for you and for your designated score recipients. However, background information as noted on the registration form is reported to some states and institutions. To protect your right to control the distribution of your scores, reports will be released only at your specific written request and only to ETS-approved score recipients. Every recipient must be specified by you in writing on one of the designated forms or in correspondence. ETS will not release your scores at the request of institutions or agencies except:

- for use in research studies approved by the *Praxis* program and that preserve your anonymity
- when information is required under compulsion of legal processes, in which case your score record and other documents you completed that are retained at ETS may be released to third parties (e.g., government agencies, parties to a lawsuit, etc.) if requested pursuant to a subpoena. Such documents may include but are not limited to photographs and documents completed at check-in on test day.
- when a state's central regents office or board of governors requests copies of scores that have been reported to its member institutions
- when test takers have been informed by the administrator beforehand that their scores will automatically be released to the state
- when test takers have been notified in the Bulletin that a particular state requiring scores has arranged for all individuals tested in that state to have their scores sent directly from ETS
- Sections 205 through 208 of Title II of the Higher Education Act (HEA) as amended in 2008 (PL 110-315) call for accountability for programs

that prepare teachers. Section 205 of Title II requires reports from each institution of higher education (IHE) that conducts a traditional teacher preparation program or an alternative route to state certification or licensure program and that enrolls students receiving federal assistance under HEA (e.g., Title IV). **The report will contain aggregate data only and will not include any information that identifies test takers.**

- when a branch institution requests scores previously sent to its main office or vice versa

Official score reports for properly designated recipients are sent directly from ETS to ensure the authenticity of the reports. Note that whenever ETS has confirmed that you have submitted a *Praxis* test score directly to an educational institution, agency, or district in satisfaction of one of its requirements, ETS will respond to requests for score verification from that recipient.

How Constructed-Response Tests Are Scored

Score validity is of utmost importance. Constructed-response questions on *Praxis* tests are scored by education professionals in the appropriate content area. These individuals are carefully trained and supervised to assure they apply ETS scoring methods in a fair and accurate manner. Additional statistical checks are made to account for differences in difficulty across editions of a test. There are different scoring methods used for different tests, but all tests require that multiple raters score an individual test taker's responses. Some tests are scored by a combination of different trained raters and some by a combination of trained raters and a computerized program developed by ETS that computes a score based on data from hundreds of previously scored essays.

Uses of Scores

ETS does not set passing scores for the tests. The *Praxis* program user states, institutions, and

Scores & Score Reports *(continued)*

associations set their own passing scores. Following the direction provided in the Proper Use of the ETS® Professional Educator Programs Assessments (PDF) ETS offers its score recipients professional counsel regarding the purpose and appropriate application of the test scores. ETS's agreement with state agencies and associations that use the *Praxis* tests for decisions about the certification of educators requires that test scores be used only in conjunction with other criteria. All states and associations that use the *Praxis* tests are surveyed to obtain information about the qualifying scores that are required on these tests.

However, the ETS file is not official and may not reflect changes in test requirements that are implemented between surveys. If you have any questions about state or association requirements or passing scores, contact that state or association directly.

Test Takers' Performance Data

Test takers' performance data may be used in analysis samples, score interpretation data, group statistics, and research studies. Test takers' constructed responses may be used in ETS materials to train scorers, to help score recipients interpret scores, or to help test takers prepare for the test. In each instance, all identifying information will be removed.
