

PARTNERING WITH YOUR DISTRICT TO SUPPORT YOUR EDUCATOR WORKFORCE

Praxis delivers end-to-end solutions that expand educator pathways and pipelines, support certification, and strengthen educator retention.

Build & Expand Pipeline

- ✓ International teacher recruitment & placement
- ✓ Grow Your Own pathways for future educators
- ✓ Modernized paraeducator assessment

Support Certification & Educator Readiness

- ✓ Praxis Testing Support Services with pop-up test centers
- ✓ Personalized test preparation
- ✓ AI readiness assessment
- ✓ Educator readiness & dispositions assessment

Retain & Upskill Talent

- ✓ Research-based ethics training
- ✓ Professional development modules & simulations for educators

End-to-end solutions to expand your educator pipeline, support certification, and retain talent.

Build & Expand the Pipeline:

- **International Teacher Recruitment and Placement** – Full-service solution that places highly qualified international educators in high-need subject areas.
- **CTE Partnerships and Opportunities** – Strengthen Grow Your Own educator pathways with EdRising's CTE-aligned, ready-to-use curriculum that introduces students to careers in education.
- **ParaPathways** – A modern assessment that validates the content knowledge paraeducators need to support student learning and advance along educator career pathways.

Support Educator Certification & Readiness

- **Praxis Testing Support Services** – Pop-up test centers, district-supported private centers, and personalized preparation provide convenient access and help educators test with confidence.
- **Praxis Certification** – Industry-leading assessments that help ensure educator quality, subject matter expertise, and certification readiness.
- **AI Readiness Assessment** – Helps educators understand their readiness to use AI tools responsibly and effectively in educational settings.
- **Praxis PSQ: Personal Skills & Qualities for Educators** – A research-based assessment that provides insights into educator readiness across key dispositions, including sociability, dependability, composure, collaboration, and resourcefulness.

Retain & Upskill Talent

- **High-Leverage Practice Modules** – Professional learning modules and classroom simulations that help teachers and paraeducators develop evidence-based instructional practices that improve student outcomes.
- **ProEthica Ethics Training** – Scenario-based ethics training that helps educators navigate AI, digital responsibility, professional boundaries, and complex school-based decisions with confidence.
